

## ***SHOW DAILY COPY***

SpeedGraphics & Sign Design makes its debut this year at SEMA with its signature line of graphics, SlamWrap. From the outset, SpeedGraphics has dedicated itself to bringing highly artistic designs to the restyling market. These graphics combine professionally illustrated designs, high resolution printing and complex die-cuts to achieve an airbrushed look at a fraction of the cost. To find out more, visit SpeedGraphics at booth #12557 or [www.SpeedGraphics.net](http://www.SpeedGraphics.net) .
